

Lions Bingo

Lions Bingo

Your Name _____

Lions Bingo is played much like regular Bingo, except that you get to design your own Bingo card.

You will have approximately 20 minutes to complete your card. This is done by asking other Lions to sign your card in a space which contains information about them. Your card is complete when each square contains a different signature.

If a square contains a specific title, a person with that title **must** sign in that square. For example: if a square reads “Past District Governor”, you must have a Past District Governor sign in this square. Each member can sign your card **only once. Only one signature** is allowed in each square.

If a square does not contain a specific title, any member can sign in that square. The “Lions” square in the center is a “free” space.

Don’t forget to sign your card yourself, in an appropriate square.

When the time for completing the cards has expired, names will be called at random, and you will mark your card, drawing an X through the square that contains the name called. A winner will be someone with five “X’s” in a row, drawn horizontally, vertically, or diagonally. Shout out “We Serve” to claim your prize.
